

MEDIA ALERT

Road Safety Minister to showcase emergency braking technology & release new market availability figures.

Minister for Road Safety, the Hon. Michelle Roberts MLA, will join with ANCAP Chief Executive, James Goodwin and Acting Road Safety Commissioner, Iain Cameron, to showcase autonomous emergency braking (AEB) technology and release new AEB market availability figures.

A selection of vehicle makes and models from a range of market segments and price-points will be on display to highlight the availability of vehicles which feature autonomous emergency braking as standard.

Vision of ANCAP autonomous emergency braking testing and crash test footage will be provided for use as overlay.
