# Intrax Consulting Group awarded a six year contract with Metricon Homes Victoria

**Melbourne, 27<sup>th</sup> of August 2019.** We are pleased to announce that [Metricon Homes](#) has awarded [Intrax Consulting Group \(Intrax\)](#) a six year contract for Engineering, Geotechnical and Surveying Services in Victoria. Our partnership approach with Metricon is based on an unwavering commitment to providing sustainable value and a comprehensive program of innovation encompassing transformative engineering and construction methods.

Intrax understands that its experience, knowledge and capacity to reduce build costs; improve construction commencement times; enhance sales outcomes; automate design; streamline ordering and administration processes and increase construction quality were key differentiators.

Intrax's relationship with Metricon extends over years and together have worked closely to create an interconnected business and integrated team that works in a transparent and collaborative manner to ensure long-term performance and quality outcomes.

Intrax's focus on business performance goes beyond harnessing engineering innovation by developing improvement initiatives and commercial solutions that deliver a competitive edge in this industry to its customers. Intrax will continue to provide leading engineering and geotechnical solutions to Volume Builders that to ensure superior quality and affordable homes are delivered to all [Australian families](#).

Intrax looks forward to playing a pivotal role in providing engineering and consulting services that provide some of the critical elements that have enabled Metricon's unrivalled quality and efficient construction.

### About Intrax

Intrax has over 300 qualified engineers, geologists, drafters and field technicians and the capacity to deliver services to consistent quality and outperform other suppliers in the market on turnaround times. Intrax is the biggest engineering and professional services provider to the volume housing market in the east coast of Australia and is the only organisation of its kind that is both [ISO9001](#) and [NATA accredited](#).
