Art on Fire

In this time of grief and devastation, collaborating artists from all over Australia have donated extraordinary works of art to bring community together to experience 'Art on Fire' with all proceeds going to the RFS and Wires.

Art on Fire features works of art donated by prominent artists from all over Australia such as Graeme Stevenson OAM from the TV show 'Put Some Colour in your Life', Xavier Ghazi past winner of the Bald Archy, Susan Skuse, Fiona Groom & many other incredible artists from around Australia.

Sandy Bigara StarViking is an International Mezzo Soprano and composer and will be debuting her third studio album "NATURE" at the opening ceremony of the Art on fire event. Each of the album's songs have gone to number 1 in Australia, and top 100 globally across all genres on the reverbnation online charts - out of 3.5million artists. Sandy is known for her soaring vocals and her Bel Canto coloratura training and her style is likened to Enya, Aurora, Mogli and Sissel, and recently received an unexpected encouraging message from Shawn Mendes!
